## MONTHLY RARE COIN BULLETIN

VOL. I

OCTOBER 1945

NO. 9

This column is run so that beginners in coin collecting may become acquainted with the different dealers, advertising in this bulletin.

Each month there will be a different dealer recommended.

### C. B. EDWARDS

C. B. Edwards, Numismatist, banker, artist, writer, speaker, detective and golfer seems to be an individual of many moods. He has had 30 odd years of banking experience; has written several articles for "BANKING," official magazine for the American Bankers Association, also for "CREDIT," official credit magazine, St. Louis, and many different newspapers. Has done "Cartoon" work for New York and Chicago publications and others. He is an expert on counterfeit money, and has been the means of solving several counterfeit cases for the U. S. Government. One party, arrested through his efforts, had \$6,000 in counterfeit "Fives" in his possession. Mr. Edwards was selected in Wichita by Vocational Training Schools to lecture and instruct on "hot checks" and counterfeit money. Largely through

his efforts, "con" men avoid Wichita since citizens there are fairly conversant with "bad money."

A golfer of ability, with medals to prove it, Mr. Edwards is known as the "one iron King." You golfers understand.

His wife, Hannah, is an associate ANA member, and Secretary of "Coin Corner." She attended the last ANA Convention in Chicago. Mrs. Edwards has quite a nifty collection of her own and gives coin talks before local women's clubs.

"C.B." has two sons by a former marriage, Robert and Jack. Both boys did their bit in the recent war effort. Robert supervised 200 men at Boeing's where the famous B-29 was made. Jack, 1st Lieutenant, navigator,

All advertisers using red ● will buy coins in same condition as offered for sale @ 20% less than their selling price. In all cases limited quantities will be bought. All advertisers agree to make a full cash refund on any coin returned within 5 days, after receipt of same.

All advertising is edited to conform to requirements of bulletin. 8 point type is smallest used. I personally recommend all advertisers using bulletin space.

## COMMENTS IN GENERAL

Thanks to every one who has sent in compliments to the Bulletin.

We are now moving into new undertakings to improve the quality and service of the Bulletin. The most significant is the securing of the ads of Mr. M. A. Powells on Numismatic books. These ads will appear at frequent intervals.

Also due to appear soon is a full fledged book review which will vie with the best any of our well known newspapers thus far have been able to produce. However, since there will not be enough new books on Numismatics coming off the press, we will also review some of the great books of the past which we feel have been neglected.

If you have already published a book, or contemplate publishing one, by all means communicate with us. It has been our conviction that the difficulties of publishers of numismatic books can and must be overcome; namely the ability to sell enough books to defray the actual cost of production.

Some very famous books with the entire issue as little as 150 copies necessitates a very high price per copy. This is also applicable to large auction catalogues with price lists. For instance, the Jenks collection catalogue, with plates, sold for \$20.00 a copy when issued in 1921.

I am not clamoring for books to be sold cheaper, but merely stating that the possibilities are there, if and when we can build up a reading audience. Many of these books, of necessity, must be of sectional interest.

We are now going out to fully exploit this field, and have set as our objective the addition of the names of 300 of the most famous Universities and libraries in America to our mailing list.

We have already tasted the fruits of our work; though small, nevertheless the fruit was certainly sweet. We have received compliments from two of America's famous newspapers, also a compliment from a smaller Kentucky paper. New Orleans and Houston have responded with magnificent results; both are now being sent a bundle of Bulletins to round up those collectors with no outside contacts in the coin fraternity.

Last but not least, is to secure a large list of Canadian collectors, so that we may enjoy the advantages of having Canadian advertisers. While supplying our Canadian customers they will at the same time serve us through their ads.

So far our circulation in many parts of the world has brought gratifying results, and will be expanded in time, to give a better coverage of the entire world.

Why not send in the names of your collector friends now, to be added to our complimentary mailing list.

## ATTENTION

### CANADIAN COLLECTORS!

The BULLETIN would certainly appreciate your assistance in building a complimentary circulation of 1000 names of collectors in Canada.

This would benefit collectors on both sides of the border. It would furnish U.S. coins to more Canadians; also make it possible to carry ads on Canadian coins for both Canadian collectors and collectors in the U.S.

I can get the ads on Canadian coins as soon as we build up this list.

Let's get busy and send in the names of all Canadian collectors you know.
